Providing Cost Effective Building Solutions for the Professional Contractor

Soak Luxury Bath Product Limited Product Warranty

All SOAK products are warrantied to be free from manufacturer's defects in materials and workmanship for a period of one year, provided that products are used in normal operating conditions intended by the manufacturer. This warranty is available only to the original purchaser of a product, or in the case of new construction the original purchaser of the residence the product is installed in, and is non-transferable. SOAK requires registration for warranty by completing the attached registration form and returning it to SOAK at the office address noted on the document. Failure to register within 60 days of purchase or possession will void the warranty. Extended warranty is available at time of registration also at attached presented costs.

If a product fails within the warranty period due to a manufacturing defect, SOAK will replace the part at no charge to the customer, and ship it to the customer free of charge. The warranty does not include installation labour and does not apply when the item has been tampered with, misused, improperly installed, altered in any way, or damaged through accident or abuse. In some cases, we may require the customer to ship the malfunctioning part back to SOAK for examination before we can replace the part. This warranty gives you specific legal rights, and you may also have other rights which vary from province to province.

Conditions: If the products involved plumbing and/or electrical connections, they must be installed by a licensed plumber and /or electrician. A copy of sales receipt for installation by a licensed plumber and electrician will serve as sufficient proof for warranty claims. If the customer cannot provide evidence that the product was installed by a licensed plumber and electrician, the warranty will be voided. It is the plumber's responsibility to check for leaks after installation. Soak is not responsible for any damage caused by leaks that may occur or damage caused by improper wiring. It should be noted that if our products which run on 220V electricity, but get connected to a 110V power connection, the product may become damaged. This action will void the product's warranty.

Exclusions: Save as herein provided, there are no other warranties, conditions, or representations or guarantees, express or implied, made or intended by SOAK or its authorized distributors or sellers. Save as herein provided, SOAK shall not be responsible for any damages to persons or property, including the product itself, howsoever caused or any consequential damages arising from the malfunction of the product, and by purchase of the product, the purchaser does hereby agree to indemnify and save harmless SOAK from any claim for damages to persons or property caused by the product.

General Information: If a SOAK customer requires replacement for a part that was damaged by the customer or is otherwise not covered by the warranty, we will replace the part whenever possible at only our cost for the part plus shipping. We are in the business of selling reliable products, not profiting from price gouging on parts. Our ultimate goal is to leave you completely satisfied with your product, even years after you have purchased, and our technical support and customer service team will do their best to make sure this happens. SOAK stocks most commonly replaced parts. If a damaged part is in stock, we can ship it to the customer within 24-48 hours. We ship our parts by UPS or Canada Post standard ground. If customers wish to have the part shipped faster, we offer them the option of paying for other delivery choices. In the event that a part is not in stock, it will be shipped when available and may take up to 4 to 8 weeks.

If you have a warranty claim for our product, please e-mail us a photo of the broken part with your contact information to edmonton@soakbath.ca or contact us by telephone at 780-477-8695 in Edmonton Alberta Canada.
